

TBP SEN Information Report

The Inspire Multi Academy Trust (South West) March 2026

Tor Bridge Primary School SEND Information Report

Our Vision

Tor Bridge Primary School promotes an inclusive environment where all staff support children to achieve their best intellectually, creatively, emotionally, physically, spiritually, culturally and morally.

Learning will take place in the caring and supportive environment of an aspirational school, raising standards of attainment for all pupils.

We want our children to be confident, happy and healthy individuals, successful learners and responsible citizens. We will follow a graduated approach (assess, plan, do, review cycle) to ensure appropriate provision is in place to support the needs of individual children.

What is SEN?

The special educational needs code of practice (2015) says that:

“A pupil has SEN where their learning difficulty or disability calls for special educational provision, namely provision different from or additional to that normally available to pupils of the same age”.

This means that a pupil may need:

- Special resources to help them in the classroom.
- To be part of a small group with an adult to help them with their work, their social skills, developing independent skills or their emotional well-being.
- To work with someone specially trained to help them in the area that they need (usually someone from outside school).
- Have a SEND Support Plan detailing individual targets.
- Have a One Page Profile which tells all the adults working in school what the pupil's strengths are and how they would like to be supported.

Areas of Need

There are four areas where a pupil may have a difficulty that means they are considered to have SEN. They are:

- **Communication and Interaction** – this includes speech and language and social communication difficulties, including Autism.

- **Cognition and Learning** – this is where a pupil is learning at a slower pace than others in their year group.

- **Social, Emotional and Mental Health** - this includes pupils with challenging behaviour, anxiety, ADD (attention deficit disorder), ADHD (attention, deficit, hyperactivity disorder) or attachment disorder.

- **Sensory and/or physical needs** – this includes hearing difficulties, visual difficulties, mobility difficulties and sensory processing difficulties.

It is possible for children to have more than one area of need.

Who is responsible for children with SEND?

Miss Sally Riseborough is our Inclusion Lead and Miss. Georgia Wheatley is our school Special Educational Needs Coordinator (SENCO) and can be contacted through the school reception (01752 964010) or tbp@tbp.plymouth.sch.uk

How will the school know my child needs special educational provision?

Adults may have concerns from behaviours or how a child presents in school. Adults may notice little or no progress is being made over time. Teachers will know this because:

- They continually assess the children as part of their daily teaching. If needed, some children will then be taken for interventions (extra learning) as part of a small group or on their own with an adult.
- They meet termly to look at the progress all pupils are making and identify any who are not making progress or who have made slow progress, so that they can support them.
- They will review support and interventions (extra group sessions) every 6-8 weeks to make sure progress is being made.
- Some pupils will have a SEND Support Plan which will be shared with parents, reviewed and renewed regularly.
- They discuss children causing any concern weekly in unit meetings along with Pupil progress meetings and Inclusion Reviews throughout the school year.
- Following a graduated approach, we can observe and monitor over time to identify barriers to learning.

School can be alerted by Parent/Carers with their concerns. School can be alerted by other professionals working with the child or family outside of school.

How can I let the school know I am concerned about my child?

- First, talk to your child's teacher. If necessary, they will talk to the SENCO about your concerns. The teacher will let you know what will happen next.
- If you are still concerned, you can ask to meet with the SENCO.
- You could also ask to see the Headteacher or the Deputy/Assistant Head Teachers.

How will the school let me know if they have any concerns about my child's learning?

- The class teacher will talk to you, any concerns will be shared at Parent/Carer Consultation Evenings, you might be invited to a meeting in school with the SENCO or relevant staff.

REMEMBER!

If Parent/Carers or children have **any** concerns about learning, progress and development then please discuss this with the class teacher or make an appointment to meet with Miss Riseborough (Inclusion Lead) or Miss Wheatley (SENCO). We will work with you to identify and meet the needs of your children.

What are the different types of support available for children with special educational needs?

- All children on the SEND register have a SEND support plan which are shared and discussed with Parent/Carers and children at least 3 times a year as part of an Assess, Plan, Do, Review cycle. These plans detail individual targets and the provision that is 'additional to and different from' for the individual child.
- The school uses technology (Provision Map) to enhance our target setting, monitoring and reviewing process of SEND support plans, provisions and interventions. This enables everyone supporting a child to understand what is required, ensure necessary supports are in place. The SENCO can monitor all plans and provisions and review the impact of interventions.
- The school evaluates the effectiveness of provisions with termly reviews of interventions. SEND Support plans are reviewed at least 3 times a year by class teachers, Parent/Carers and children (where appropriate) at least 3 times a year. The SENCO and staff meet 3 times a year for an Inclusion review to reflect on the support and provision of children on the SEND register. All children with an EHCP have annual reviews in line with Local Authority guidance.
- All children are included in classroom learning with scaffolding to support as required, some children require bespoke and individualised provision.
- Resources that are personalised to the child within the classroom.
- Small group work (interventions) for example: English, Maths, spellings, handwriting/fine motor, social skills, Emotional Literacy, Art groups or Lego groups.
- Individual learning with an adult.
- School based Speech and Language sessions.
- Emotional literacy support assistant (ELSA) or learning mentors

Sometimes we access support from other people outside of school, these include:

- Multi-agency support team (MAST)
- Communication Interaction Team (CIT)
- Educational Psychologist
- School Nursing Team
- Child and Adolescent Mental Health Service (CAMHS) -
- Communication Interaction Team, Early Years (CITEY)
- Early Years Advisory Teacher
- Counsellors
- Art/drama/play therapists
- NHS Speech and Language Team

- School will follow a graduated approach to inclusion with an assess, plan, do, review cycle with good practice being built upon to ensure appropriate support is in place. This support can vary from universal/high quality teaching to SEND support and Education Health and Care Plans.

There are three broad stages of support, all of which are implemented using an **Assess, Plan, Do, Review** cycle.

Universal Support, typical pupil characteristics:

- Pupils operate broadly within the expected range of abilities for their age, but their progress/development may occur at a somewhat slower pace than that of other pupils. Barriers to accessing education are supported.
- Pupils remain part of the mainstream teaching timetable for all activities
- Individual goals for improvement are identified and the quality of teaching and learning is monitored to ensure it is appropriate to pupils' needs

Targeted Support, typical pupil characteristics

- Pupils' progress with learning and development is at a very slow rate and additional support is needed to achieve this. There are identified persistent barriers to accessing education.
- Pupils may be attaining at a level significantly below age-related expectations and there may be evidence of an increasing gap between them and their peers
- Interventions and/or provision (group or individual) have been implemented based on identified needs

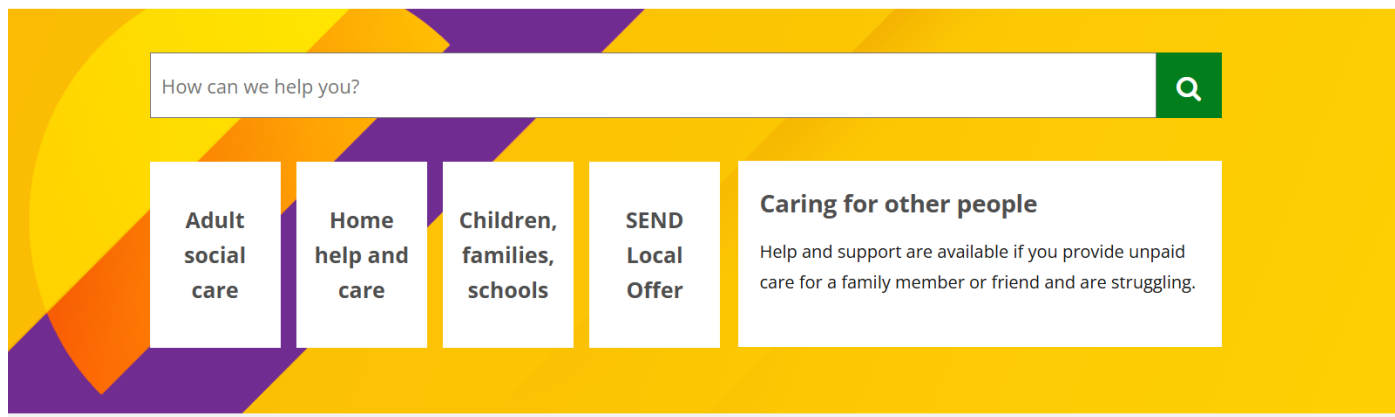

Specialist Support, typical pupil characteristics:

- Pupils have significant and persistent learning difficulties despite access to appropriate learning opportunities and support. Barriers to accessing education are challenging and persistent.
- Pupils may have life-long learning difficulties or disabilities, across several areas of development, and will require more specialist intervention and advice

More information about the Local Authority's Local Offer for children and young people with SEN and their families as well as the above services can be found on the Plymouth Online Directory (POD).

<http://www.plymouthonlinedirectory.com/>

How are the adults in school helped to work with children with SEN?

- The SENCO is a qualified teacher who has the skills and experience to work with and support staff and children with SEN.
- Staff training takes place regularly to help all staff understand and teach children with SEN.
- Individual teachers and support staff attend training courses run by outside agencies that are relevant to the needs of the children.
- Other specialist professionals are able to offer advice to class teacher and TLAs

How do parents/carers and children with SEN share their views and concerns and work with the school?

Parent/Carers and children are encouraged to discuss their child with the school regularly.

Parent/Carers can discuss their views at any time, but they may include:

- Parent/Carer Consultation Evening.
- SEND support plan reviews
- Regular meetings, including Early Help meetings and TAM (Team Around Me) meetings.
- Annual Reviews for pupils with EHCPs (Education, Health and Care plans).

Parent/Carer SEND sessions run regularly through the school year and provide an opportunity for Parent/Carers to receive information about SEND, discover support for families outside of school and have an opportunity to speak with staff and other families.

If I have a query about the support my child receives, what do I do?

- Make contact with school, talk to your child's teacher. Early morning learning is a daily opportunity to speak with staff.
- Ask to meet the SENCO.
- Ask to meet the Headteacher or the Deputy/Assistant Head Teachers.

What happens when my child moves from class to class or to another school?

- All children make visits to their new class and teacher in the summer term.
- Class teachers meet in the summer term to pass on information about all pupils and their individual needs.
- Some children will have a transition booklet to take home over the holidays with pictures and information about their new class or school. Video and Phone calls to meet with new staff can also be arranged.
- Some children have a One Page Profile which is updated in the summer term telling their new class teacher and support staff about their strengths and what they need in school to help them.
- Additional visits may be arranged to reassure more anxious children.
- If moving schools, all information about a child is passed to new schools. Bespoke transitions can be arranged.

How accessible is the school for my child with SEN?

- The school is set out across two floors, many classrooms are located on the ground floor with doors that provide access to the playground.
- Two stairways and a lift provide access to the first floor.
- Tor Bridge Primary School's accessibility plan is available on the policies page of the school website.

Where can I find further information about the school's approach to pupils with SEN?

Further details can be found in the school's SEND Policy, which is available on the school website. Parent/Carers can ask school staff any questions they may have. If required, please contact PIAS

(Plymouth Information and Advice for SEND) for impartial support with any aspect of SEND needs or provisions.
