Year 5: Term 6 Jigsaw

What am I going to be learning during the 'Changing Me' topic for PSHE in Year 5?

My Self-image

I am aware of my own self-image and how my body image fits into that.

I know how to develop my own self-esteem.

Puberty for Girls

I can explain how a girl's body changes during puberty and understand the importance of looking after ourselves physically and emotionally.

I understand that puberty is a natural process that happens to everybody and that it will be OK for me.

Puberty for Boys

I can describe how boys' bodies change during puberty.

I can express how I feel about the changes that will happen to me during puberty.

Looking Ahead 2

I can identify what I am looking forward to when I move to my next class.

I can start to think about changes I will make next year and know how to go about this.

Looking Ahead 1

I can identify what I am looking forward to about becoming a teenager and understand this brings growing responsibilities.

I am confident that I can cope with the changes that growing up will bring. |

Conception

I understand that sexual intercourse can lead to conception and that is how babies are usually made.

I also understand that sometimes people need IVF to help them have a baby.

We Will Miss You!
